MEMORANDUM FOR: Deputy for Field Activities, OSA

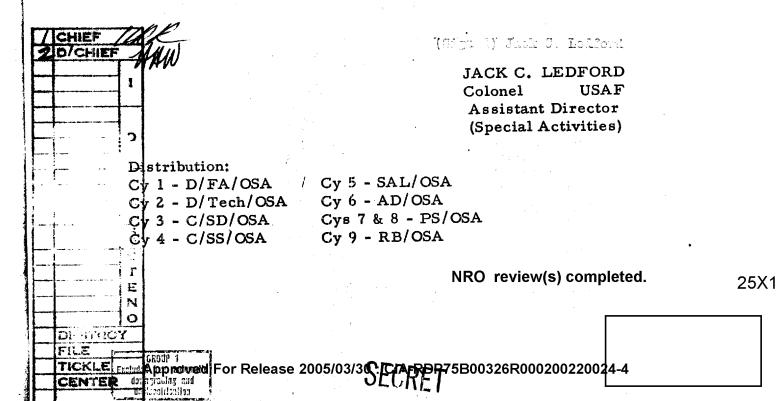

Deputy for Technology, OSA Chief, Support Division, OSA Chief, Security Staff, OSA

Special Assistant for Liaison, OSA

SUBJECT

: (S)NRO Relationships and Communications

In recent weeks there have been several occasions where staff-prepared documents for my signature and transmittal to the Director and other officers of the (S)NRO have not been reviewed by Programs Staff, OSA. In view of the major responsibility I have assigned to Programs Staff in this area, I request that in the future all documents prepared for transmittal to the (S)NRO be reviewed by Programs Staff prior to my signing. The only exception to the above requirement are those documents associated with actual pre-mission planning and mission approvals.
